## InfaGPS

Powered by [www.infence.com](http://www.infence.com)

We are the leading provider of GPS vehicle tracking systems, aims at offering innovative and cost effective vehicle tracking solutions comprising of hardware as well as software. InfaGPS tracking technology is best suited for fleet management. It is an unique way for companies and individuals to monitor and control their cars, trucks and other vehicles to their precise details by sitting in the office.

## GPS Tracking Software

- View real-time location of your vehicles, via Google maps nationwide.
- Fuel Sensor, to check fuel theft, contamination and usage.
- Thermal Sensor, to provide instant alerts for high and low temperatures in thermal sensitive cargo.
- Establish routes and rules to alerts, and/or report on route deviation.
- Track mileage, Track actual mileage through GPS and Makes timely maintenance check-up with periodic.
- Measure distance from key on to key off, and report generation by driver and/or vehicle.
- Vehicle History, Work-Time, Fuel Usage, Extra Stoppage.
- Alerts for various mechanical warnings, including low oil pressure, high water temperature, brake light failure, low battery, brake oil, tyre, door, hood etc.
- Instant Alerts when a certain compartment (or series of compartments) is opened. Vital for critical high value transportation.
- View the vehicles from anywhere anytime, through an internet connected device (PC and Mobile) via a password protected web site.
- Vehicle operating status, provided at each transmission, including Ignition on/off, current speed, accurate odometer reading etc.
- Speed Restrictions can be placed to a pre-defined speed in a specified area and/or warning to the driver .
- Geo Fencing allows you to designate an area with a virtual fence. Alerts will be active if the vehicle is leaving / entering / not entering / not leaving a specified area.

## Benefits of Vehicle Tracking

- Real-time visibility of your mobile workforce
- Reduce fuel costs, mileage and emissions
- Increase control of overtime costs
- Boost productivity and workforce utilizations
- Increase customer satisfaction through improved communication
- Obtain detailed insight to help drive your business forward efficiently

## Model : i 340

Powered by [www.infence.com](http://www.infence.com)

### Features

- Track by SMS
- Track on Demand
- Track by Time Interval
- Track by Distance Interval
- Track on Mobile Phone
- Inbuilt Tremble Sensor
- 850mAh Internal Backup Battery
- SOS Alarm
- Geo-fence Alarm
- GPS Blind Area Alarm
- Low Battery Alarm
- Speeding Alarm

- Tow Alarm
- GPS Antenna Cut Alarm
- External Power Cut Alarm
- Engine Cut (Engine immobilization)
- Inbuilt Super Magnet (optional)

## Model : i 380

### Features

- Track by SMS/GPRS (MEITRACK Protocol)
- Track on Demand
- Track by Time Interval
- Track by Distance Interval
- Track on Mobile Phone
- Listen-in or Two-way Audio (Optional)
- Internal 4Mb Memory for Logging
- Inbuilt Tremble Sensor
- 850mAh Internal Backup Battery
- SOS Alarm
- Geo-fence Alarm
- GPS Blind Area Alarm
- Low Battery Alarm
- Speeding Alarm

- Impact Alarm
- Tow Alarm
- GPS Antenna Cut Alarm
- External Power Cut Alarm
- Mileage Report
- Engine Cut (Engine immobilization)
- Inbuilt Super Magnet (optional)

Light, Compact and Stylish, Provides excellent reception to optimize GPS performance and is easy to connect. **Support Logging, Listen-in or Two-way Audio.**

## Model: i 600

Powered by [www.infence.com](http://www.infence.com)

- GPS Tracking
- Logging
- Conversation
- Alarms
- Reports
- Handset Phone
- Camera
- RFID
- LCD Display
- Fuel Sensor

## Features

- Track by SMS/GPRS (MEITRACK Protocol)
- Track on Demand
- Track by Time Interval
- Track by Distance Interval
- Track on Mobile Phone
- Internal Flash Memory (4M)
- Inbuilt Accelerometer
- Inbuilt Tremble Sensor
- Internal Backup Battery
- SOS Alarm
- Geo-fence Alarm
- GPS Blind Area Alarm
- Low Battery Alarm
- Speeding Alarm
- Impact Alarm
- Tow Alarm
- GPS Antenna Cut Alarm
- External Power Cut Alarm
- External Power Cut Alarm
- Mileage Report
- Engine Cut (Engine immobilization)
- Listen-in or Two-way Audio (Optional)
- Inbuilt Super Magnet (optional)
- Handset Phone (optional)
- Camera (optional)
- Micro SD Card Memory for Storing Pictures
- RFID Reader (optional)
- LED Display (optional)
- LCD Display (optional)

Light, Compact and Stylish, Provides excellent reception to optimize GPS performance and is easy to connect. **Support Logging, Listen-in or Two-way Audio.**

## AVL GPS Tracker for Car and Fleet Management

Powered by [www.infence.com](http://www.infence.com)

- 4M bytes Logger
- Motion Sensor
- Backup Battery
- Inputs/Outputs/Analog Inputs

### Features

- Track by SMS/GPRS (Meiligao Protocol)
- Track on Demand
- Track by Time Interval
- Track on Mobile Phone
- Internal 4MB Memory for Logging
- Inbuilt Tremble Sensor
- Internal Backup Battery
- SOS Alarm
- Geo-fence Alarm
- GPS Blind Area Alarm
- Low Battery Alarm
- Speeding Alarm
- External Power Cut Alarm
- Engine Cut (Engine immobilization)

Our fleet management software is 100% web based, so there's never any physical software to buy or troublesome updates to download. And you can quickly integrate it with other routing and dispatch applications to further improve your fleet management.

- Schedule, track & report on an unlimited number of pieces of equipment
- Location/department information with complete history
- Total expenditures...to include: Work Orders, Fuel, Registration, Expense, and Accidents
- Meter tracking
- Purchase & release information
- Attach images or scanned documents to records (accidents, damages, equipment pictures, ect)
- Retired Information
- Equipment details (user-defined)
- Category grouping
- Condition
- Fuel usage
- Driver/equipment relation
- Tire log
- Warranty tracking (schedule to assure that all warranties are recovered)
- Registration (user-defined and scheduled)
- Depreciation
- Easy-to-use filter and query options

## Parts Management

- Track all your inventory/non-inventory parts...to include costs, qty on hand, re-order point, etc.
- Completely integrated with work orders...for automatic deductions of quantity on hand
- Purchase orders, receive items, and receive items one time with automatic additions of quantity on hand
- Inventory adjustments/transfers between warehouses
- Track and recoup more warranty dollars on each your parts
- View comprehensive historical information on parts

## Employee Management

Powered by [www.infence.com](http://www.infence.com)

- Complete employee records
- Task scheduling
- Total expenditures...to include: license/certification, expenses, and traffic violations
